

Fastned grows revenues 150% in Q4 2019

Fast charging company publishes Q4 2019 trading update

Amsterdam, 9 January 2020. **Fastned, the fast charging company that is building a European network of fast charging stations, continued to grow rapidly in Q4 2019. Revenues in Q4 exceeded the full year revenue of 2018. For the first time, Fastned delivered more than 1 million kWh in a single month.**

- **Revenue: € 1,703,000** (+150% vs. Q4 2018) [1]
- **Volume: 2,932 (MWh) of renewable energy** (+157% vs. Q4 2018)
- **Active customers: 42,805** (+139% vs. Q4 2018)
- **2.3 million kg of CO₂ avoided**
- **14.7 million of electric kilometers enabled**
- **Over 174 thousand charging sessions**

Milestones

- Fastned opened five new stations in The Netherlands, bringing the number of operational stations in the Fastned network to 114 at the end of 2019.
- Fastned added more and faster chargers to stations to increase capacity and improve the charging experience.
- Fastned raised 12 million euro in bonds to finance further growth.
- Fastned has been granted 13 motorway locations in Belgium.
- At the end of 2019 Fastned had a grand total of 259 acquired locations, 147 municipality permits and 138 grid connections.

[1] In its quarterly trading updates for 2018 and earlier, Fastned's reported Revenue related to the sales of electricity only. Starting from the first quarter of 2019, and in line with the 2018 Annual Report, the Revenues reported includes sales of electricity, maintenance fees and other operating revenues. The presented growth of Revenues in Q4 2019 compared to Q4 2018 is on a like-for-like basis.
